

Vision: A recognised global leader in holistic youth development

Mission: To provide a platform for youth to deepen their resilience and unleash their potential through mental, physical, emotional and spiritual development, enabling them to be role models and agents of positive change

A leading provider in holistic youth development

The Chrysalis Academy is a youth leadership development organisation, empowering young people to take responsibility for their personal growth.

WHAT ARE WE OFFERING?

The Academy offers a 3-month intensive residential life skills and leadership development programme to provide young people with the necessary tools to become self-confident, resilient role models and leaders within their communities.

We facilitate two males and one female course per year. Our three-month residential training is divided into four Phases, which are compulsory for all students.

As a foundation for our programme, a daily routine is established where discipline and compassion are emphasised.

First Phase

During the **Second Phase** students participate in an adventure leadership programme on the **Outdoor Phase**. Here students head to the great outdoors for two weeks, to test their personal limits; discover their strengths and weaknesses; develop teamwork and leadership skills. Activities include extensive mountain hiking, canoeing, raft building and a 24-hour Solo Process.

In the **Third Phase**, students are exposed to different technical and vocational skills during the four week **Skills Phase**. Basic Office administration & Computer skills, Peace Officer, Security, Sports Coaching, Hairdressing & Grooming, Youth Development and Child & Youth Care are some of the skills on offer.

Fourth Phase

Professional behaviour in the workplace

Interview skills

CV writing skills

Service projects

Gender Training

COMMUNITY AND EXIT

Entrepreneurship Training

3 day Route March/Hike

The 3 month course concludes with a graduation ceremony

To ensure the sustainability of the programme and as part of the on-going development of our youth, the Academy offers a **5 Year Aftercare** to monitor and assess the progress and needs of graduates in order to provide employment, learnership and volunteer opportunities where required.

"The Chrysalis Academy has influenced me to recognise that I have the ability to push myself to my limits and grow into a strong empowered young woman, and that every day is a day for change" – Shadey October 16 BRAVO

Life Coaching and Family Integration

The Academy offers one-to-one individual counselling to all students on request or by referral. In addition, working with parents is an integral part of the programme and three Parent workshops are presented during the 3-months training.

Health and wellness is a critical aspect of the 3-months programme, therefore students also receive education in leading healthy lifestyles. Precision drilling and physical training form part of the daily student programme. In addition, students are afforded a range of therapeutic care programmes like Mindfulness, Art and writing, Yoga, Trauma Release Exercises (TRE), Meditation & Art, Support groups and Tai Chi.

“Chrysalis had a positive impact on my son. He acted so mature and confident when I saw him for the first time. He looked healthy. I have started to be more patient, loving and considerate. I will not push him into the direction I want him to go in to, but allow him to set goals and achievements for himself.” - Parent

WHO SHOULD APPLY? (Our criteria)

Young motivated people who want to contribute to society by positively changing their lifestyle and;

- ✓ are aged **18 to 25-years-old**
- ✓ Have **passed Grade 9 (Std. 7) mainstream schooling**
